INSTALLATION INSTRUCTIONS

Make sure your engine is off and does not feel hot to touch.

The REC MX clutch cable guide is designed to be an OEM replacement. Simply remove the OEM steel clutch cable guide by removing the clutch cable from the mount and the two bolts that hold it on. Install the REC MX guide using the OEM bolts and tighten to the specified torque in the owner's manual. Check clutch cable play and adjust if needed.

DISCLAIMER: All REC MX products are inspected prior to packaging. Our guarantee is limited to the replacement of defective products and its components only. This limited guarantee is for manufacture defects only for 30 days from date of purchase. Buyer assumes all risk for any and all damage caused to him or herself, a third party and/or property by virtue of this product. By installing and/or using a REC MX product, you hereby accept and understand these stated terms and conditions and have followed all instructional steps. Thank you.
